SUMMARY

Frontend developer passionate about building clean, accessible user interfaces with React. Limited backend experience; has mostly consumed third-party or mock APIs in projects.

EDUCATION

B.Tech Computer Science, VIT Vellore (2023-2027), CGPA: 8.5/10

SKILLS

React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Figma, Git, basic REST API consumption (Axios, fetch)

PROJECTS

Portfolio Builder for Students

- Built a React app that generates shareable portfolio pages from a form-based input
- Used Firebase for basic auth and Firestore for data storage (no custom backend)

Weather Dashboard

- React app consuming a public weather REST API, styled with Tailwind CSS

CERTIFICATIONS

React - The Complete Guide (Udemy)
