vikram.nair.ml@gmail.com | +91 98xxxxxx06 | github.com/vikramnair | Kochi

SUMMARY

Data Science enthusiast focused on machine learning and data analysis. Strong in Python data libraries but has not built web applications or worked with JavaScript.

EDUCATION

B.Tech Computer Science (AI/ML specialization), Amrita Vishwa Vidyapeetham (2023-2027), CGPA: 8.8/10

SKILLS

Python, Pandas, NumPy, Scikit-learn, TensorFlow, Matplotlib, SQL, Jupyter Notebook, basic Git

PROJECTS

Student Placement Prediction Model

- Built a classification model using Scikit-learn to predict placement outcomes from academic data
- Performed EDA and feature engineering using Pandas and Matplotlib

Sentiment Analysis on Twitter Data

- Used NLTK and Scikit-learn to classify tweet sentiment; no web deployment

CERTIFICATIONS

Machine Learning by Andrew Ng (Coursera)
